(b) Registration of operator; form and contents; execution; certificate of authority. Every person engaging or about to engage in business as an operator of a hotel in the unincorporated area of the county shall immediately register with the county administrator... Such registration shall set forth the same name under which such person transacts business or intends to transact business, the location of his place of business, and such other information that would facilitate the collection of the tax as the county administrator may require. The registration shall be signed by the owner if a natural person; in case of ownership by an association or partnership, by a member or partner; in the case of ownership by a corporation, by an executive officer or some person specifically authorized by the corporation to sign the registration. The county administrator shall, after such registration, issue without charge a certificate of authority to each operator to collect the tax. Each certificate shall state the name and location of the business to which it is applicable and shall be prominently displayed so as to be seen and readily noticed by all occupants and persons seeking occupancy. Such certificates shall be nonassignable and nontransferable and shall be returned immediately to the county administrator upon the cessation of business at the location named, or upon the sale or transfer of such business. Should the county administrator deem it necessary, in order to facilitate initial registration of persons engaged in business, he may prescribe administrative provisions other than those provided in this section. Such provisions shall be made to effect the purposes of this article.
