Hart County Board of Elections successfully completed the state mandated risk limiting audit including a full hand count of all ballots for the contested races in the 2025 06 17 Public Service Commissioner Special Primary Election.

We are pleased to report that the results of the hand count matched the originally tabulated results with 100% accuracy.

The Board remains committed to exceeding state requirements to ensure public confidence in the electoral process. We take every measure to confirm that each ballot cast is accurately counted and transparently reported.

It is the Board and Staff's continued goal to conduct elections that are free, fair, impartial, accurate, convenient, and accessible to all eligible voters.
